The author does not assume any guarantee for the topicality, correctness, completeness or quality of the information made available. Liability claims against the author, concerning damage of idealistic or material kind, which was caused by the use or not use of the presented information and/or by the use of incorrect and incomplete information, are in principle impossible, so far as a deliberate or roughly negligent fault can not be proven on the part of the author.

All web sites are not binding and non-committal. The author expressly reserves itself the right to change, supplement or delete parts of the pages or the entirety of the web sites. Furthermore, the author has the right to occasionally or finally stop the publication without prior announcement.

**2. References and links**

For direct or indirect references to outside Internet sites ("links"), which are not within the author's area of responsibility, a liability obligation would come into force exclusively in the case, when the author has knowledge about the contents and it is technically possible and reasonable to prevent the use of illegal contents. The author hereby expressly states that at the time which the links were set up there was no illegal content found at the linked sites. The author does not have any influence on the current and future composition, content or authorship of the linked pages. Therefore, the author dissociates itself hereby expressly from all contents of all linked/referenced pages, which were changed after the link had been set. This statement applies to all links and references, set within its own Internet pages as well as foreign entries found in guest books, forums and mailing lists installed by the author. For illegal, incorrect or incomplete contents and especially for damage, which arises from the use or not use of such kind of presented information, they who own the web page is responsible, and not those who have referred the web page via a link.

**3. Copyright, brands and trademarks**

The author will make every endeavor to consider in all publications, either the copyrights of such used illustrations, sounds, video sequences and texts, or to use illustrations, sounds, video sequences produced by himself, or even use illustrations, sounds, video sequences and texts free from licensing.

All brands and trademarks mentioned within these Internet pages, which may be registered and protected by third parties are unrestricted subject to the regulations of the respective valid laws and to the rights of the registered owners. However, if a brand or trademark is not entirely visible, one should not assume that the brand names are not protected by rights of third parties!

The copyright for published objects, produced by the author himself, remains entirely with the author of those pages. Duplication or use of such illustrations, sounds, video sequences and texts in other electronic or printed publications without the strict agreement from the author is not permitted.
